ABOUT SCHOOL

S.M.E.S School was established in the year 2010 in Mahim, Mumbai. It strives towards expanding horizons of knowledge, skills and humanitarian values by respecting and celebrating diversity and interdependence. The school aims to develop the cognitive, emotional, psychomotor and aesthetic faculties of the learner through a number of curricular and co-curricular activities in order to foster team spirit and environmental cognizance. Our value driven endeavors based on ethical and secular outlook nurtures empowerment and happy individuals.

The school follows the Continuous and Comprehensive Evaluation (CCE) pattern as prescribed by CBSE, which is a school-based evaluation of a student that covers all aspects of a student's development.

DISTINCTIVE FEATURES OF SMES

- Spacious and well-ventilated classrooms are equipped with E-learning Smart class software for teachers to introduce audio-visual modules that complement the curricular content of the subjects thus making learning more enjoyable.
- The school infrastructure is planned to provide a modern class environment..A scientific temperament is nurtured through fully equipped and suitably designed laboratory for Physics, Chemistry and Biology. Students are encouraged to use the facilities for enhancing their innovative and scientific skills.
- Library has good collection of books in different languages and subjects. Our library is updated and caters to all the needs of the students.
- Our spacious and multifunctional A.C. auditorium serves as a venue for various activities and events at the school.
- To develop proficiency in English, a well equipped language laboratory has been established in the year 2011.
- We train the children to appear for various competitive drawing exams like Elementary and Intermediate.
- Our School has well equipped computer lab with internet facilities and we believe in cyber safety.

- For all round development of the children we have co scholastic activities like Music, Dance, sports art and craft, karate etc.
- To build confidence and communication school has organized speech and drama activities.
- Our School has well trained well qualified staff members who use innovative teaching methods. Special attention is given to differently able children.
- We have activities like Abacus, Vedicmath in our Time Table. Students participate in examination and various interschool competitions.
- We celebrate various festivals, national days and awareness programs are arranged to inculcate values among the students.

OUR VISION

- To promote the intellectual, physical, emotional and social development of each child in order to equip him/ her to be "Ready for tomorrow."
- To this, we strive to provide the type of academic education and co-curricular activities that addresses the needs of a changing society, cultivate independent thought and promote the building of character in an atmosphere which is akin to a home away from home so as to make the school years a memorable journey in every student's life.

OUR MISSION

S.M.E.S. School seeks to inculcate in its students:

- A desire to achieve excellence in all areas of endeavours.
- Respect for all forms of authority and for fellow students.
- Concern for the needs of others.
- Consideration for the less fortunate.
- Awareness of the environment.
- Knowledge and appreciation of India's cultural heritage.
- Empathy, with the spirit to embrace global diversities

PRESIDENT'S MESSAGE

(Shri. Keshav Kotnis)

Education is the passport to the future, for tomorrow belongs to those who prepare for it today!

Malcolm X

Learning is not attained by chance; It must be sought for with ardor, and attended to with diligence

Abigail Adams

The world is changing very fast since the last few decades. Knowledge is expanding exponentially and we have to keep pace with it.

The dramatic technological and scientific advances have brought in their wake global social, economic and climatic challenges, which the coming generation will need to tackle.

Education today needs to equip the students not only with skills of literacy and numeracy, but along with cognitive capacities of critical thinking and higher order imagination along with a sound foundation emotional resilience and ethical moorings.

Today education in India is priced to undergo profound changes with particular emphasis on developing the unique potential of each individual, the new education system aims to be move experiential ,holistic, integrated, inquiry driven and enjoyable. Art integration sports integration, extensive use of technology and multilingualism are the keywords of our new education policy. This pedagogy calls for a safe and stimulations learning environment, excellent infrastructure and appropriate resources and a range of learning experiences, which we pledge to provide to all students of this institution.

PRINCIPAL'S MESSAGE

(Mrs Neelima Alchatwar)

The purpose of education is not just making student literate, it's much more: developing rational thinking, knowledge and self-sufficiency.

Our aim at SMES school is to give our students the right exposure that enables them to have a holistic development while figuring out their niche as they continue to find themselves beyond the bounds of school life. Students will always be challenged to approach knowledge and learning with enthusiasm, so they are prepared to be tomorrow's leaders. As a school community, we believe

that children flourish in their learning and growth

when parents and educators join in a partnership. The school's commitment to a growth mind set is particularly stimulating, and it is reflected in the burgeon.

Dear students,

All successful people are critical thinkers who have made a fool proof plan of what they want to achieve. Make the best of the plethora of opportunities, aim higher, create your own future and success is surely yours.

With best wishes and warm regards
